

WARP7

Team 865
Sponsorship Package

Who We Are

WARP7 is a high school robotics team from Toronto, Ontario, made up of over 50 dedicated students and mentors. We participate in the FIRST Robotics Competition, a worldwide engineering challenge that includes thousands of teams and hundreds of thousands of students. Our robotics program encourages innovation and fosters well-rounded life skills including self-confidence, communication, and leadership. As a registered non-profit running a high-expense program, we're always on the lookout for sponsor donations; both monetary and in-kind, to keep our team running.

Since Our Inception In 2002,

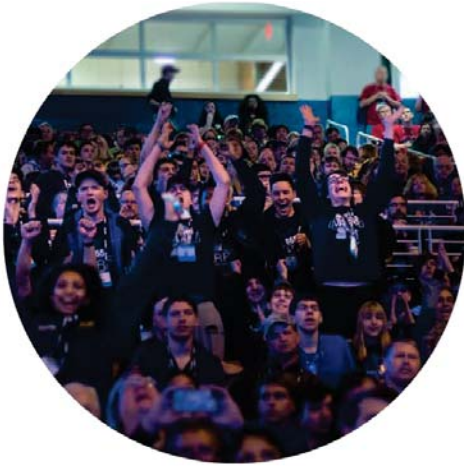

WARP7 has participated in over 15 years of FIRST Robotics competitions. We've grown from a group of 7 friends into a community of 50 students supported by a group of 10 mentors. Our achievements in competition include:

- 2017 World Championships: Archimedes Subdivision Finalists
- 2017 Georgian College District Event Finalists
- 2014 University of Waterloo Regional Champions
- 2006 Greater Toronto Regional Champions
- 2002 Canadian Regional Champions
- 6 FRC Gracious Professionalism Awards (2010, 2011, 2012, 2012, 2014, 2015)
- 2 FRC Rockwell Automation Innovation In Control Systems Awards (2015, 2017)
- 3 FRC Safety Recognition Awards (2012, 2014, 2016)
- 1 FRC Motorola Solutions Quality Award (2017)
- 1 FRC Xerox International Creativity Award (2017)

***FIRST* - "A Sport For The Mind"**

The FIRST Robotics Competition combines the excitement of sports with the rigors of science and technology. Over a six week period, students design, manufacture, assemble, program, and test a robot to perform tasks against a field of competitors. It is as close to "real world" engineering as a high school student can get. In Ontario, teams compete at the district level, with 60 of the 150 teams advancing to the provincial championships, and an elite few qualifying for the world championships.

***FIRST* Students Are...**

- Four times as likely to pursue a career in engineering
- Twice as likely to pursue a career in science and technology
- More than twice as likely to volunteer in their communities

"FIRST is the only robotics program to have experienced mentors sitting beside the children of our world showing them how professionals think, learn, make appropriate decisions, and respond to change in a challenging, team-oriented, dynamic environment."

-Dave Lavery, Program Executive For Solar System Exploration, NASA

SPONSORSHIP

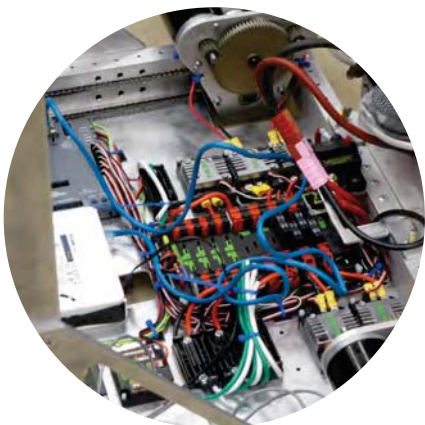

Our Mission

WARP7 was one of the first teams in Canada to join FIRST Robotics and has been working for over a decade to inspire students and create the leaders of tomorrow. Our goal is to go above and beyond the high school curriculum, to educate students to design and build robotics systems using industry standard materials and tools, and to give students the opportunity to work together in teams to problem solve and innovate.

We thank you for your sponsorship consideration.

Where Your Investment Goes

The money you invest in our team goes directly to our innovative engineering robotics program that motivates young people to pursue education and career opportunities in science, technology, engineering and math while building self-confidence, knowledge, communications and leadership skills.

Platinum Sponsor

\$5,000+ In Money, Goods, Or Services

Benefits:

- Your logo will be featured most prominently
- A personalized thank you letter to your company
- Placement of your logo in our team's pit area
- Complimentary exclusive merchandise
- All gold-tier and lower perks

Gold Sponsor

\$2,000+ In Money, Goods, Or Services

Benefits:

- Your company will be mentioned in all promotional materials
- Your logo will be featured on our robot and placed more prominently on our t-shirts
- A personalized post on our website and social media outlets
- Your company will be mentioned as a major sponsor in all of our newsletters
- All silver-tier and lower perks

Silver Sponsor

\$1,000+ In Money, Goods, Or Services

Benefits:

- Your company's logo will be featured on our team apparel
- You will receive complimentary WARP7 merchandise
- All bronze-tier perks

Bronze Sponsor

\$500+ In Money, Goods, Or Services

Benefits:

- A thank you letter from the team and your company's name and/or logo on our website
- Your company will be mentioned as one of our sponsors in our newsletters

* All sponsorship tiers are valid for one (1) FIRST Robotics Season.
